DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with David M. Pitcher (Reg. No. 25,908) on 9/12/2007.

The application has been amended as follows:

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

Independent claim 1 is allowable over the prior art of record. Claims 2-7 depend from claim 1 and therefore are allowed.

Independent claim 1 recites the limitation of: language determining process unit to obtain a ratio of a number of group bounding rectangles integrated in an integrating process to a number of group bounding rectangles before the overlap integrating

process, and determining a language from a characteristic of the overlap integration ratio.

The closest reference Miwa et al (US 5,923,790) discloses detecting characters on a document. However, Miwa does not teach the limitations cited above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
